## INTRODUCING PRLS' TRANQUINOL®

Tranquiol® is a unique, all natural botanical supplement that features a patented herbal combination of magnolia bark and jujube extracts to help maintain a calm central nervous system to manage an overactive mind and encourage relaxation for a deep restful sleep.

Tranquiol® features a distinct class of active compounds that deliver the unique ability to moderate the central nervous system of the user promoting healthy response to managing occasional stress. Tranquiol® is a comprehensive, multi-botanical blend formula showcasing the legendary Magnolia and Jujube which have been used traditionally in Chinese medicine for many years. Extensive research has demonstrated, together these two powerhouses elegantly create the perfect relaxing effect to the user and the ability to promote a deep restful sleep.

## NOTHING WORKS LIKE PRLS' TRANQUINOL®.

This formula also offers the perfect, full spectrum support blend, Sleep Pro Blend, that supplies a complex phytochemical profile for superior nutritional support. Tranquiol® is the perfect answer for those experiencing the stress that comes with aging or the increasing demands of everyday life and need support in managing an overactive mind. It delivers an excellent solution to support rest and relaxation and is one of our top products of choice to promote the quality of sleep you are looking for.

## FOR CALM MOOD SUPPORT

Simply take 2 capsule upon rising in the morning. For a restful sleep, take 2 capsules, 1 hour before bed. Tranquiol® supports

overall relaxation, mental tranquility, calm mood and focus throughout the day. Along with Tranquiol, consider Melatonin-ND™ as the perfect 1-2 punch for all your sleep support needs including: sleep • brain • immune system • antioxidant • cardiovascular • neuroendocrine • bone health.

Experience an industry first with probiotic-fermented melatonin that promotes the deep, restful, REM sleep you looking for. You
